GLC:

1. Attached excerpt from Congressional votes in the Senate on Freedom of Information (Muskie amendment/Hart FBI amendment and final vote) indicates a possibility of 39 votes to sustaining veto.
2. In line with conversation with Pat O'Donnell, White House, recommend we contact Braswell or McFadden, and McConnell or Calloway, give them attached for use with their members, specifically our Committee members, except for Pastore, who is special case and voted against Muskie amendment and recorded against FBI on Hart amendment.
3. Copy of Aide-Memoire down to OGC for their comments.
